

In the United States Patent and Trademark Office

Serial Number: 10/680277

Application filed: October 7, 2003

Applicant: Nathaniel Tue Tran

Application title: Radioactive Multiplexing Analytical Methods

Examiner: Ethan Whisenant Ph.D.

Art unit 1634

Amendment E

Commissioner for Patents

Alexandria, VA 22313

Sir:

In response to the Final Office Action mailed November 15, 2005; the following includes an amendment canceling claims as required by the examiner and request a change in the title to provide a better description of the invention.
